There is more Catarrh in this section of
the country than all other diseases put
together, and until the last few years
was supposed to be incurable. For a
great many years doctors pronounced it a
local disease and prescribed local reme-
dies, and by constantly failing to cure
with local treatment, pronounced it in-
curable. Science has proven Catarrh to be a
constitutional disease, and therefore re-
quires constitutional treatment. Hall's
Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is the only
Constitutional cure on the market. It is
taken internally. It acts directly on the
blood and mucous surfaces of the system.
They offer one hundred dollars for any
case it fails to cure. Send for circulars
and testimonials.

CORRESPONDENCE

PAROWAN

Parowan, Utah, Nov. 15, 1917.
James A. Benson is at home again
after a few weeks absence in north-
ern Utah.

Mr. and Mrs. Enoch Burton are
spending a few days in Cedar City
this week.

William C. Mitchell is confined to
his room with a severe attack of sci-
atica. At this writing he is improv-
ing slowly.

Lindsay Burton of Parowan has
been removed from Camp Lewis to
one of Uncle Sam's training camps in
New York.

Miss Miriam Burton returned home
a few days ago after an absence of
two months spent in Provo and Salt
Lake City.

Dr. Burton reports the arrival of a
baby girl at the home of Mr. and Mrs.
Joseph R. Mortenson. Mother and
child getting along nicely.

Miss Ethel Ashdown of Cedar City
is numbered among the Parowan
teachers. Miss Ashdown began her
work last Monday morning.

S. L. Cook returned from Califor-
nia last Monday, where he had been
visiting his son. Mr. Cook said every-
thing was lovely in California, but
Utah is good enough for him.

Roy Bauer of Cedar City has lo-
cated on the Davenport Ranch north-
east of Summit, which was formerly
owned by Sam Fife. Mr. Bauer will
manage the farm while he will feed
sheep for Thomas Davenport.

Clare Rowley is employed in the
Co-op. Store now, when not in school.
Mr. Rowley is a popular student in
the high school and bids fair to be a
favorite among the patrons of the
store.

Mr. and Mrs. R. H. Benson have
gone to Seattle to visit their daughter
Mrs. Ella Hensel. Later they expect
to go to San Diego and visit another
daughter, Mrs. Elizabeth Johnson.
Mr. and Mrs. Benson expect to be
away for the winter.

All the people of this place are an-
xiously waiting for November 20th as
on that date the first Lyceum number
will be given at this place for the
present season. The Means-Anders-
on Company will appear in the tab-
ernacle. They come very highly re-
commended and we are fortunate
to secure them on our Lyceum course.

Golden Hour Club Entertained.
The ladies of the Golden Hour club
were entertained Friday afternoon,
November 9th, at the home of Mrs.
E. Burton. Mrs. Henry Oberhansley
and Mrs. E. Burton entertained. A
most enjoyable afternoon was spent.
Miss Pearl Rose gave a reading which
was much appreciated. A guessing
game was given, in which Mrs. Gwen
Benson gave the most correct an-
swers. A vase of beautiful red carna-
tions surmounted by miniature flags
and pretty ferns formed the center
piece for the sewing table. A deli-
cious luncheon with punch was served
during the afternoon and each lady re-
ceived a carnation, compliments of
the hostess. During the luncheon all
enjoyed beautiful music furnished by
a Senora which was so pleasing that
all were loath to leave. The following
ladies were present: Mesdames Ben-
son, Burton, Matheson, Wilson, Mc-
Allister, Oberhansley, Matheson and
Gower.
Mrs. J. L. Burton and Miss Pearl
Rose invited guests. Mrs. Gwen Ben-
son and Mrs. J. C. Robinson enter-
tained the club Friday afternoon, Nov.
16th.

New Patent for Lifting Water.
James P. Sprunt of Salt Lake City
is spending a few days here in the in-
terests of the Gunnison Valley Sugar
company, which is to be built in 1918.
Mr. Sprunt is the father of the Delta
Sugar factory, and he is a man of
wide experience and a promoter. He
has grown up with the state, coming
to Utah and locating in Ogden in
1864. Mr. Sprunt has been in active
business since 1888. Besides promot-
ing these sugar factories Mr. Sprunt
is interested in the Wilson Motor Co.
He has taken over the H. C. Sillett
water patent on aero-syphon for lift-
ing water out of deep wells of which
working examples can be seen on the
railroad wells at Milford, Lynn Junc-
tion and Caliente. Messrs. Sprunt
and Sillett will be at Milford in a few
days to demonstrate taking of water

from artesian wells with compressed
air.
They guarantee to deliver all water
that can come through well pipes at
a very low cost. The Milford well is
producing about five second feet of
water with air taken from the rail-
road machine shops, and lifting the
water a distance of from fifty to sixty
feet, supplying locomotives with wa-
ter. A party of people are going over
from Paragonah and Parowan to wit-
ness this demonstration and Mr.
Sprunt extends an invitation to any
person in the county who is interested
to join them.

business visitor on Sunday.

day looking after his sheep interests.

day morning to attend to a little busi-
ness, leaving on the evening train
for Nevada.

Two automobile loads of young peo-
ple went to Enterprise Friday even-
ing to a dance, given in the new
amusement hall. All report having
had a good time.

Mr. E. E. Johnston, former rail-
road agent at this station, and now
representing A. Schilling & Co., his
mother and Mrs. W. H. Perry, were
in town yesterday. The three having
lived here for a number of years, it
seemed good to see them, if only for
a short time. Mr. Johnston informs
us that this is his last trip, having
enlisted in the Signal Corps of the
Army, he has received word to join
his company about Dec. 1st.

The people of Modena appreciate
this winter, for the first time, the
comforts of a neat, clean and com-
fortable school house. In former
years our school having been held in
cold and uncomfortable quarters, not
many students came to attend. This
winter people from all parts of the
desert have moved into town and we
now have an enrollment of 35 stu-
dents. Housed in a neat and com-
fortable building, well heated and
lighted, the children are progressing
nicely.

Eva seems to be the center of attrac-
tion.

The stork brought a fine boy to the
home of Mr. and Mrs. John Holmes
recently. Mother and baby are doing
well.

Mr. and Mrs. Vernon McBride and
baby from Marysville are here visit-
ing relatives and friends. Mr. and
Mrs. Robinson and family were also
here last week visiting with relatives
and friends. And Miss Evelyn Mc-

Bride, who is teaching in Junction,
came with them to spend the week-
end with her mother. Robinsons now
live in Junction.

City.

Moore made a business trip to Modena
last Wednesday.

M. D. Heist made a business trip to
Salt Lake City and the northern part
of the state last week.

A. H. Dahle of Milford has been
here past week over-seeing the
work being done on his ranch.

George S. Sylvester of the Officers'
training camp, at the Presido, has
been here on a furlough visiting his
sister, Mrs. M. D. Heist.

State Veterinary Hogan, who re-
cently made a trip here to see the
cattle belonging to Mr. Sattley, has
pronounced the malady with which
they are afflicted, rabies. Several
more have died, and there is nothing
that can be done to check it. It is
supposed that the stock were bitten
by a rabid coyote.
